## “TENSADOR II” GALLERY WRAP CANVAS STRETCHING MACHINE

Stretching canvas has never been so quick and easy! This pneumatic machine was designed for stretching giclees, canvas transfers and oil paintings. The unique clamping mechanism firmly grips the canvas without piercing. This simple and effective device assures proper tension without ripples or overstretching.

## “TENSADOR II” LEINWANDSPANN-MASCHINE

Mit dieser pneumatischen Maschine wird das Spannen von Leinwand schnell und einfach. Das Tensador II wurde für das Spannen von Giclées, Leinwanddrucken und Ölgemälden konstruiert. Es wird durch einen einzigartigen Befestigungsmechanismus betrieben, die greift, ohne zu perforieren. Dieses einfache und effektive Gerät stellt die passende Spannung sicher, um jedesmal glatt zu spannen.

MADE IN THE USA

*This “Gallery Wrap” Canvas Stretching Machine staples to the back of stretcher bars with a Long-Nose Stapler (AMS Code #S200SL listed below). Each machine features a foot-operated safety pedal, pneumatic filter and adjustor and comes with a one-year warranty.*

*Mit dieser “Gallery Wrap” Maschine wird die Leinwand an der Rückseite der Keilrahmenleiste mit langen Klammern angeheftet (siehe AMS Artikel #S200SL Klammerpistole nachfolgend aufgelistet). Jedes Gerät ist mit einem Sicherheits-Fußhebel, pneumatischen Filter und Drehzahlversteller sowie einjähriger Gewährleistung ausgestattet.*

Code / Artikel	Description / Beschreibung	Price / Preis <sup>J</sup>

## ADDITIONAL CANVAS STRETCHING EQUIPMENT

Additional equipment is required for the use of Tensador Canvas Stretching Machines.

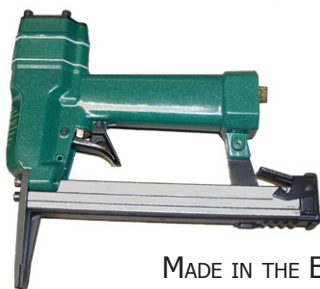

For full information on how to set up a productive workstation, please contact AMS Customer Service.

## WEITERES ZUBEHÖR FÜR LEINWANDSPANN-MASCHINEN

Weiteres Zubehör wird für den Gebrauch der AMS Leinwandspann-Maschinen benötigt.

Für vollständige Informationen über leistungsfähige Arbeitsplatz-Einrichtung wenden Sie sich bitte an den AMS Kundendienst.

### Long-Nose Pneumatic Stapler with Balancer Ring Connector / Klammergerät für lange Klammer

MADE IN THE EU

The AMS Long-Nose Stapler has the advantages of other AMS pneumatic staplers, but it has an elongated 2-inch nose and a ring to connect a balancer for precision. This stapler can be used where it is difficult to staple with a normal stapler.

The **long nose is required in canvas stretching with the Gallery Wrap Stretching Machine.**

This Stapler's 10mm (3/8") wide crown is for use with staples ranging in leg length from 4mm to 16mm (3/32" to 5/8"). Use AMS Staples.

S200SL	Long-Nose Stapler - 4,4mm narrow crown / Schmallaufflächenbreite	S2 / 32	265,00 €

### Flexcoil Polyurethane Air Hose (Self Storing) / Spiralschlauch

93C

Flexcoil polyurethane air hose cannot be kinked or scraped. This lightweight, yet extremely durable hose will withstand the rigors of tough industrial environments while maintaining its resiliency over a long period of time. Swivel fitting is provided with thread seal, eliminating the need for sealing with tape or paste. Each hose has 1/4" MPT fittings.

Also available: 6m coils; 7,5m straight hose; 15m straight hose

Code / Artikel	Length / Länge	Price / Preis
93C410	3 meter	18,25 €
93C415	4,5 meter	26,65 €

### Super Silent Air Compressors / Kleiner Leiselaufkompressor

AMS Air Compressors are well designed and built from high quality components. These compressors operate quietly and require little maintenance. Overheating damage is prevented with a thermal cut-out device. 1-year limited warranty is applicable to each purchase. All compressors are available in 120-volt and 220-volt. See other components and lubricants on following pages in this catalog. Please contact the AMS Customer Service Department for further advice.

Each compressor is shipped with: USA-standard type #152 female coupler; Tank and line pressure gauge; Line pressure regulator; Moisture trap/filter/gauge; Safety valve; Air intake filter; Carrying handle.

CM50D

AMS CM50D Air Compressors are ideal for operation in small workshops with one Canvas Stretching Machine and a Stapler.

- 1/2 HP delivered from one motor with 2.15 CFM Free Air
- Air Pressure = up to 120 psi (8 bar)
- Pressure cycle = 85-115 PSI
- Tank size = 2.25 gallons / 50 liters
- Shipping weight = 70 lbs.
